

Thanks for
JAMMING
with us.

NOW LET'S RAISE THE ROOF!

Sharing OTOS with your friends that could be interested and on your favorite social media site can help the chip music scene reach those that would be interested.

**ENJOY
THE
PARTY**

Discord Chip Music and Homebrew Communities

Chiptune Anamnesis

Invite Link <https://discord.gg/32wfnbkCtE>

Formerly the ArduinoBoy MIDIBX server, this is the place for musicians and modders to discuss programs, toys, music and more. Off The Old Shoulder has a channel in here.

nanolooprivalshrine

A server with channels for all versions of Nanoloop. Clear up your curiosities, share your loops and hear other people's. You may need to ask a fellow Nanolooper for an active link.

MrKathooloo's Chiptune Conest

MrKathooloo's Chiptune Contest is a great way to get your songs heard. Honor the monthly theme to flex your creativity. Links found on contest's Reddit posts in r/Chiptunes.

RetroBreak

The RetroBreak youtube channel is your best bet for a glimpse/review of that homebrew title you've been interested in. RetroBreak youtube videos host server links.

Super MIDI Pak Official

the server for the hard to acquire Super MIDI Pak. Share your music made with the MIDI Pak and find the answers to questions about it too. A link can be found at SuperMidiPak.com

The PSG Cabal

Invite Link <https://discord.gg/AechU9Crdf>

This is the server for LSDj talk. bring your questions, songs to show off, and photos of your coffee.

Game Boy Camera Club

Invite Link <https://gameboy.camera/>

The place to share your Game Boy Camera photos. Learn the most popular modification techniques and show off your set up. Get some ideas and answer some questions with this server.
