

UNIQUE 2600 CARTRIDGES AND PROGRAMS

Check developer notes, website, and firmware update information for 2600+ compatability

Uno and Harmony

The UnoCart and The Harmony Cart are two options for SD Multicarts on the 2600 and 7800. Load ROMs and play!
UnoCart is Available at Aliexpress and often ebay.
Harmony can be found at:
Harmony.Atariage.com

Synthcart

Synthcart turns your 2600 into a groove box. 33 pre-programmed beats with the ability to double up beats on eachother for even more possibilities. Mutiple synth/wave options are available to play alone or over beats. Order here:

https://atariage.com/store/index.php?l=product_detail&p=101

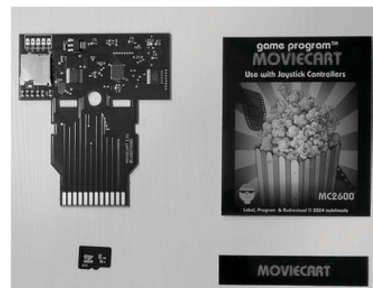

Jamloopy

64 step sequencer for the Atari 2600
Download the Rom and user manual for free at:
<https://satori.sk/jamloopy/>

Movie Cart

Watch an extraordinarily lo-fi version of your favorite movie with Movie Cart. Currently out of stock, join the waiting list here:

ATARI CLUB / ATARI-X

With the Atari Coin and Token falling through, Atari needed to re-evaluate their role in the crypto / blockchain world. Keeping with the initial intent of allowing investors to be involved with online gaming for competition, prizes, and even just online hangouts.

Ownership of an Atari ARC NFT or 50 Years of Atari NFT allows access to exclusive content, airdrops, and rewards.

NFTs

WEB 3.0 HANGOUTS

Participation may require a crypto wallet on the Ethereum network. Ownership of necessary tokens/NFTs may be necessary to unlock rewards, competitions, and/or games. Log in to Opensea.io with your crypto wallet to purchase the ATARI ARC nft and/or 50 years of Atari NFT from AtariXDeployer
