

FINANCIALLY INTERACTIVE

The information below is only for context and consideration, and is not financial advice:

PONGF

Atari SA is a french company and traded publicly as PONGF on OTC Markets and as ALATA on Euronext Paris. For approximately 2 years the price has been bouncing between 11 and 14 cents per share. If purchased overseas extra fees may apply upon attempt of purchase.

ATARI TOKEN

In 2020 Atari was in the process of getting heavily involved in the crypto currency community. the announcement of the Atari Token and the Atari Wallet was met with heavy skepticism. The Atari Wallet eventually disappeared and the Atari Token's stock fell well below the price of a penny. Plans for the Atari Coin were halted and a select group of investors were compensated with SAND Coins instead of the cancelled Atari Coin.
