The Nu:Tekt NTS-3 kaoss pad is a groundbreaking new effects unit, seamlessly integrating the iconic KAOSS XY pad touch interface and the distinctive KAOSS effects into a compact yet powerful customizable DIY kit.

With up to 4 effects playable at the same time
and deep editing options,

NTS-3 stands as a performance powerhouse,
offering unparalleled versatility that elevates your
on-the-go performances to new heights.

the NTS-3 opens the door to extensive editing options,
enabling you to meticulously customize and fine-tune each effect's
parameters to your heart's content,
with the freedom and precision your creativity demands.
